- **Dean** of Agricultural Faculty
- **President** of “*Association of Medicinal and Aromatic Plants of Mediterranean – AMAPMED*”
- **General Coordinator** of “*Global Federation of Medicinal and Aromatic Plants - GOFMAP*”
- **Chairman of MESMAP** Symposiums
- Having APTI - “**Late Smt. Kamal Ben Vavia Memorial Award – 2015**” at “Pharmacy Institution of Madhya Pradesh, DAVV Auditorium, TakshashCampus, Indore – INDIA
- Born 02 October 1972 in Kilis, Turkey, he holds an MSc (1997) and PhD (2003) in Agricultural Engineering on Medicinal and Aromatic Plants. He is the author or co-author of about one hundred peer-reviewed scientific articles, book chapters and conference presentations as an invited speaker. Until now, he visited about fifty (50) different countries all over the world for scientific purposes.
- Until now, Dr. Sekeroglu organized a number of national and international scientific congresses, and was a member of scientific boards of them. His scientific meeting organization series titled “Mediterranean Symposium on Medicinal and Aromatic Plants (MESMAP) host more than five hundred participations from sixty different countries every two years.
- He is a scientific board member of some respected Journals on Plant, Food and Pharmaceutical Sciences published under Elsevier, Wiley, Springer and other European and US publishing groups.
- Dr. Sekeroglu has some European (with Lithuania, Portugal and Spain), Japan and National research projects.
- He founded “Association of Medicinal and Aromatic Plants of Mediterranean (AMAPMED)” is also the President of the Association. He is also General Coordinator of GOFMAP (Global Federation of Medicinal and Aromatic Plants).
- His main research interest are:
 - Medicinal and Aromatic Plants (MAPs) Conservation Strategies
 - Their sustainable wild collection and domestication
 - Developing Good Agricultural Practices for MAPs
 - Postharvest processing of MAPs for high quality drug production
 - Manufacturing and marketing of herbal medicinal products
 - Regulatory issues of herbal products
 - Research on pharmaceutical properties of MAPs and their active ingredients
 - He can achieve these researches cooperated with colleagues from different national and international scientist from all related disciplines.

- Addition to scientific activities, he has some positions at University Management and Ministerial Duties in capital of Turkey.
- He is married. He has two daughters and one son.
